### **DETAILED ACTION**

1. This application is in condition for allowance except for the following formal matters:

A petition is being reviewed in order to determine if the information provided in the request for reconsideration of the petition filed on 10/14/2010 demonstrates that the Applicant has sufficient proprietary interest in the subject matter to justify the filing of the application on behalf of the inventor.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

### ***Allowable Subject Matter***

2. Claims 1, 3-5, 9 and 11-17 are allowed.
3. The following is an examiner's statement of reasons for allowance: The Applicant's system is directed towards a printer and offline post processing system that is able to receive post processing commands from a memory component connected to a spool roller that is attached to the printer. Once the user transfers the spool roller with paper and the memory device to the offline post processing apparatus, the finishing device reads the instructions on the roller's attached memory and performs the finishing operations. The claims specify that the paper is being rolled around a spooler while

information is being recorded on an attached device on the spooler. The art searched and applied to the claims does not disclose the feature of having a memory device attached to a spooler while paper is being wound around the spooler roller itself. Since the applied art does not disclose this amended claim feature and was not found in a search for prior art, the Examiner believes the claims in the case are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
